01 • THERAPEUTIC EDUCATION

GROWING GIANTS

“Every child can learn.”

At Growing Giants, children with cerebral palsy are welcomed as students. Adapted education and literacy develop communication, learning and participation. Every child receives opportunities shaped around individual strengths, needs and potential.

02 · FAMILY EMPOWERMENT

SEWING DREAMS

“As they sew, new dreams take shape.”

Sewing Dreams teaches cutting and sewing to mothers of children with cerebral palsy. As they develop vocational skills, confidence, fellowship and paths toward income also grow. Caring for a child also means walking alongside her mother.

03 • COMPASSIONATE CARE

NEUROREHABILITATION

“Rehabilitation also restores dignity.”

At the clinic, every child receives physiotherapy and individualized support. Clinical excellence is combined with listening, family-centered care and compassion. Every session promotes function, participation and the dignity of the whole person.

04 • ACCESSIBILITY

ADAPTIVE CARPENTRY

“When a barrier falls, a possibility is born.”

Our workshop produces customized postural furniture to promote safety, participation and function. Every piece is built around real needs. In this way, the work of our hands removes barriers and creates space for belonging, development and abundant life.

DIGNITY GROWS WHEN CARE BECOMES ACTION.

Together, we create access, opportunity and belonging.
Investing in children, families and inclusive communities.
